Pacharapol Pimpa

EDUCATION

2026–2029 (expected)
Thammasat University
Rangsit Campus | First year

B.Eng. Software Engineering

SKILLS

- TypeScript, JavaScript
- React, Next.js
- Node.js, Express
- Firebase, MongoDB
- Git, Vitest
- GitHub Actions

pacharapol.dev

github.com/4d696e6b

AVAILABILITY

Full-time internship
February–July 2027
Dates slightly flexible

Part-time outside this period
Bangkok / near TU Rangsit

Selected Achievement
Finalist, Future Services Hackathon (GOSOFT), 2025

PACHARAPOL PIMPA

Software Engineering Student | Thammasat

PROFESSIONAL SUMMARY

First-year B.Eng. Software Engineering student with hands-on experience building web applications and developer tools using TypeScript, React, Next.js and Node.js. Projects include a published npm CLI and a Firebase-based school election platform. Seeking a software engineering internship to contribute practical development skills and learn from an engineering team.

SELECTED PROJECTS

Sep 2026 – Present
RepoSetup | TypeScript Developer CLI

- Built a Node.js CLI to configure development stacks from reusable recipes and published it as the rsetup npm package.
- Implemented a typed installation planner with dependency ordering, compatibility validation, dry runs and diagnostic checks.
- Added Vitest tests and GitHub Actions workflows for automated checks and releases.

2026 – Present | In progress
GraphicRouter | Design Tool Prototype

- Developing a TypeScript/Next.js prototype that turns structured briefs into editable graphics and presentations.
- Implemented text and shape composition, revision storage, and export paths for SVG, PNG and PowerPoint.
- Working on MCP and Canva integration; the project remains under development.

Academic Year 2025 | high school level
School Election Platform | Next.js & Firebase

- Built a responsive school election website with live vote totals using Next.js, TypeScript and Firebase.
- Implemented candidate management, image cropping and Thai/English language switching.
- Connected live results to the school's OBS broadcast.

EXPERIENCE & LEADERSHIP

Sep 2026 – Present | Current role

Campus Ambassador
Google Student Ambassador

Support student outreach and community engagement around technology initiatives through the Google Student Ambassador programme.

Academic Years 2024–2026

Technical Head & VP
Mass Communication Club

Built a club workflow tool for image uploads, task assignment and live status tracking to support coordination among team members.
